

Looking for neuropathic pain treatment?

**Join the Rush Ketamine metabolite research study
as we learn about novel therapeutics to treat
neuropathic pain**

You may be eligible if you:

- **Are aged 18 to 75 years**
- **Have had >3 months of pain in an extremity**
- **Have suspected neuropathic pain**

Potential Benefits:

- **You may have decreased pain**
- **You may have improved sleep, physical function and quality of life**

Taking part in the HNK research study is up to you. If you join, you can leave at any time.
